Coronavirus (COVID-19): Information on the current situation at the Zumtobel Group

Dornbirn, Austria – In the current situation, the Zumtobel Group and its brands are working intensively to ensure that all business activities continue to run smoothly for their customers. Aware of its responsibility as a company, the Zumtobel Group attaches top priority to the health and safety of its customers, partners and employees.

Consequently, a series of measures have been implemented following the regulations issued by the Austrian Federal Government and the general recommendations of the health authorities. Many employees are already working from home, ensuring that customers can get in touch with their usual contacts in sales as well as in other departments by phone or virtual channels.

The Zumtobel Group's production facilities and distribution centres are currently operating normally with strict precautions in place to protect suppliers, forwarders as well as employees. Shift changes have been modified to provide additional safety for employees.

In these difficult times for everyone, the Zumtobel Group would like to express its special thanks to its customers, partners and employees for their trusting cooperation.

About the Zumtobel Group:

The Zumtobel Group is an international lighting group and a leading supplier of innovative lighting solutions, lighting components and associated services. With its brands, acdc, Thorn, Tridonic and Zumtobel, the Group offers its customers around the world a comprehensive portfolio of products and services. The Group's know-how about the effects of light on people, acquired over decades, forms the basis for the development of innovations and for accessing new fields of business. In the lighting business, the Group with its Thorn and Zumtobel brands, is one of the European market leaders. Through its lighting technology brand, Tridonic, the Zumtobel Group plays a leading role worldwide in the manufacture of hardware and software for lighting systems (LED light sources and LED drivers, sensors and lighting management). The Zumtobel Group's service offering is one of the most comprehensive in the entire lighting industry, including consultation on smart lighting controls and emergency lighting systems, light contracting, design services and project management of turnkey lighting solutions, as well as new, data-based services focused on delivering connectivity for buildings and municipalities via the lighting infrastructure. The Group is listed on the Vienna Stock Exchange (ATX Prime) and currently holds a workforce of around 5,800 employees. In the 2018/19 financial year, the Group posted revenues of EUR 1,162.0 million. The Zumtobel Group is based in Dornbirn in the Vorarlberg region of Austria.
